

CIRCULAR

TYPE & NUMBER ELEXON Circular – EL02804

Date 20 April 2018
To BSC Parties
From BSC Operations
Purpose For information

Error in sending files over the Data Transfer Network

What is happening?

We have been informed by Electralink that some data flows sent to BSC Parties via the Data Transfer Network (DTN) on **Thursday 19 April 2018** were not delivered.

The impact of this issue is relatively low with only 15 Parties being affected across 8 distinct data flow types.

How will I be impacted?

ELEXON have instructed Electralink to resend these data flows and request Parties to check the incoming data flows to ensure that they distinguish the files being resent from those being sent as part of today's reporting.

Is there anything else I need to know?

For more information on this Circular or to clarify whether you were one of the Parties affected, please email bscservicedesk@cgi.com.
